Professional Summary

Entry-level Data Analyst with hands-on experience in **data cleaning, analysis, and visualization** using **Excel, SQL, and Power BI**. Proven ability to transform raw datasets into **actionable business insights** through interactive dashboards and KPI tracking. Certified Data Analyst with practical exposure to real-world datasets including airline and sales data. Strong analytical mindset with a foundation in data-driven decision-making.

Technical Skills

Data Analysis & Visualization: Power BI (DAX, KPIs, Dashboards), MS Excel (Pivot, VLOOKUP, XLOOKUP)

Databases & Querying: SQL, MySQL (Joins, Aggregations, Subqueries, GROUP BY, HAVING)

Analytics: Data Cleaning, EDA, Trend Analysis, KPI Tracking, Data Validation

Tools: Power BI Service, Google Sheets

Programming: Python (Basics)

Work experience (INTERNSHIP)

Data Analyst Intern

ExcelR Edtech Private Limited | 3 Months

- Performed data cleaning, preprocessing, and validation on real-world datasets using Excel and SQL
- Analyzed structured datasets to identify trends, patterns, and performance metrics
- Created interactive dashboards and KPI reports using Power BI
- Wrote SQL queries using joins, aggregations, and filters for reporting
- Supported data-driven decision-making by presenting insights through visual dashboards

Projects

High Cloud Airlines – Data Analysis Project

Tools: Excel, Power BI

- Analyzed large airline datasets covering flights, passengers, routes, and carriers
- Cleaned and transformed raw data by handling null values, date creation, and normalization
- Calculated key KPIs including **Load Factor, Passenger Trends, Route Performance, and Total Flights**
- Designed interactive Power BI dashboards using slicers for **source, destination, carrier, date, and distance**
- Identified busiest routes, top-performing carriers, and weekend vs weekday performance trends

Sales Forecasting Dashboard – Data Analysis Project

Tools: Power BI, Excel

- Built an interactive sales dashboard to analyze historical sales data
- Visualized monthly trends, region-wise performance, and top-selling products
- Used KPIs, slicers, and line charts to support business decision-making
- Collaborated with team members to clean data and design dashboard layout

EDUCATION

B.Sc. in Computer Science | Shivaji University, Kolhapur | 2022 – 2025 | 76%

HSC (Science) — Maharashtra State Board | 60.50%

Certifications

- Certificate Program in Data Analytics – **NASSCOM FutureSkills Prime (Gold Category – 80%)**
- **Data Analyst Certification** – ExcelR Edtech Private Limited (2025)
- **Basic & Advanced Excel** – Akshara Computers
- **Data Analyst Intern** – ExcelR Edtech Pvt. Ltd. | 3 Months

Soft Skills

Analytical Thinking, Problem-Solving, Teamwork, Communication
